Bureau of Land Management
Elko District
Christmas Tree Stipulations

1. This tree permit is for **personal use only** and not for resale or barter. Commercial resale permits are available under a separate permit system. Permits may not be reassigned to another individual without prior permission from the BLM.
2. **Pinyon pine and Utah juniper** are the only trees available for cutting from BLM administered lands. Other tree species, such as white fir and sub-alpine fir, are not offered for harvest.
3. This permit is Valid on any BLM administered lands, except wilderness study areas (WSA's), such as Goshute Mountains, and South Pequop Mountains.
4. Travel on existing roads and trails only.
5. The maximum remaining stump height is 6 inches above the ground, with all live branches severed off the stump. Any slash from limbs must be scattered.
6. If the tree is topped, please break down the remaining section of the tree and scatter the slash.
7. Tag the tree(s) as soon as they are cut. Tags are not valid unless they are attached to the tree.
8. Any cultural resource remains (prehistoric or historic sites and artifacts), which are encountered, are to be avoided. No artifacts are to be disturbed or removed from their original position. The Elko District Manager will be notified of any discovery of archaeological or historical remains.
9. Please keep your camp or picnic area clean of trash and dispose of it properly. **REMEMBER THEY ARE YOUR PUBLIC LANDS, TAKE PRIDE IN THEM.**
10. This sale is final and not subject to a refund.

Enjoy your public lands and have a safe and successful outing!
